

Graphic Novels

Northern Beaches Library Service

What was the problem?

- Hard collection for staff to do RA
- Small display space
- It had confusing classifications

Previous issues with RA:

- Hard collection for staff to do because:
 - Spread out over 6 branches
 - Was not a fit for purpose collection
 - Limited display space
 - Confusing classifications

What was the solution?

1st Step: Moved the entire collection to 2 home branches

2nd Step: Collection management of current collection, weeding

3rd Step: Relabelling, coming up with consistent and easy to read options and changing mark records to reflect label
